

What do I do if a youth placed in my home leaves the home without my permission OR does not return to the home when expected?

Contact your local police ***IMMEDIATELY*** to report the youth missing. Please be sure to ask the officer taking the report for the missing person's report # and write it down. Get the officer's name, badge # and contact information. Also, please give the officer the assigned worker's name and contact information for future contact.

Contact the **696-KIDS (5437)** Hotline and report the youth missing ***after*** you have made the missing person's report with your local police. Please give the Hotline staff the missing person's report # that the police gave you.

If licensed, your licensing agency may have additional steps for you to take. Please contact your assigned worker and report that the youth is missing and let them know that you have already contacted the police and the 696-KIDS(5437) Hotline. They will advise further if needed.

UPON YOUTH'S RETURN: please make contact with your licensing agency and the 696-KIDS Hotline to make them aware of the YOUTH'S RETURN. The assigned CCDCFS worker will contact the police.
